

No Dreams Deferred

No Dreams Deferred is a two-hour workshop where children ages 6 and older and their caregivers (parents, grandparents, mentors, etc.) acknowledge and explore their individual gifts and talents. The workshop also provides an opportunity for participants to discuss their goals and dreams while holding each other accountable to those ambitions.

In addition, No Dreams Deferred provides a space for participants to consider the knowledge and tools required to achieve their goals and make their greatest contributions to the world.

No Dreams Deferred is inspired by the powerful messages of the children's book *I Know I Can!*, which has proved to be a wellspring of inspiration for children and adults alike.

For information about scheduling a No Dreams Deferred workshop, please contact [Veronica N. Chapman](#) by email at info@boxxout.org, or by phone at (617) 600-8039.
